Marbella Club Housing Development

Single-family

Marbella Club Housing Development

Single-family

Marbella Club Housing Development

Detached single family house with 2 floors and basement, with an outdoor swimming pool of 140 m² and indoor heated pool of 60 m², comfortable for its design and habitability. It stands out for the large dimensions in aluminum carpentry panoramic vision, motorized and minimal profile, which are hidden within the enclosure. Its carpentry and paneled oak, as well as its large-format porcelain flooring, provide elegance and simplicity to the whole house. All these elements are also accompanied by a spectacular LED lighting.

Rocío de Nagüeles Housing Development

Single-family

Rocío de Nagüeles Housing Development

Single-family

Rocío de Nagüeles Housing Development

Under the commercial name "Villa Silver", this exclusively designed villa sits on a plot of more than 2,000m² with exceptional views of the Mediterranean Sea and the Sierra Blanca. The dwelling is approximately 1,000m² in area, over two storeys, basement and solarium and 360° views. It also has a swimming pool with a surface area of 120m².

A villa of singular design, with finishes comprising flexible anodised metallic panels in bronze colour and top quality materials, which have achieved a perfect balance between innovation and habitability.

Sierra Blanca Housing Development

Single-family

Sierra Blanca Housing Development

Set on a plot of 5,000 m², with 1,800 m² built on, and 900 m² of terraces and balconies with views to the Mediterranean.

The ground floor has a spacious kitchen, main drawing room, dining room, living room, and two bedrooms with a shared living area. The basement has a gymnasium, rooms for games, yoga, massage, Turkish baths, sauna and jacuzzi. Pre-aged Travertine marble, Emperador brown and oak flooring cover floors and bathroom walls. This luxury villa has eleven bathrooms inside and a semi-Olympic 6 x 25 metre infinity swimming pool.

Camoján Housing Development

Single-family

Camoján Housing Development

Single-family

Camoján Housing Development

Contemporary style villa with its pure straight lines which applies wisdom in the mix with other styles drawn from the Orient, and which scatter the villa with wonderful pieces of craftsmanship acquired on the owners' trips through China and Thailand.

Particularly impressive is the front door, in hand-carved teak, with its wooden walkway leading up to it, crossing a pool full of aquatic plants and brightly coloured fish, under a heavily carved Balinese teak porch.

La Zagaleta Housing Development

Single-family

La Zagaleta Housing Development

Single-family

La Zagaleta Housing Development

Single family dwelling in La Zagaleta with features paying attention to every last detail, in contemporary style while still respecting traditional building aspects such as eaves with salvaged Arab roof tiles which offer contrast to the straight lines of the interior. Generous spaces with great height, large joinery-work openings which reveal the splendid views and an outdoor pool which disappears into the distance, completely integrated in the landscape.

The villa includes a spa with indoor pool, jacuzzi, gymnasium, Turkish bath and sauna with the very highest level of finishes.

The facilities are in line with a dwelling of these characteristics, including automated domotics and energy efficiency systems, with geothermy having been chosen as the method for heating generation.

La Zagaleta Housing Development

Sitting 532 m above sea level, this lovely symmetrical villa has an outstanding entrance hall of over 8 metres in height, alongside its central patio with glass floor and skylight, which provide exquisite natural light for the indoor pool and jacuzzi located in the basement.

As well as this, the ground floor houses the living area and drawing room, separated by a fireplace 4.40 ml long. Highlights in the basement are the gymnasium, sauna, hammam, disco and the impressive cinema. At this height we must mention the marvellous views from the balcony projecting from the indoor pool.
